WHERE TO FILE: Clerk, U.S. House of Representatives, Office of Records and Registration, Room 1036, Longworth House Office Building, Washington, D.C. 20515.

WHERE TO SECURE ASSISTANCE: Committee on Standards of Official Conduct, U.S. House of Representatives, Room 2360, Rayburn House Office Building, Washington, D.C. 20515. Telephone No. (202) 225–7103. Additional forms and instruction booklets may be obtained from the Committee office.

FILER'S GUIDE

REPORTING INSTRUCTIONS

REPORTING PERIOD: The period covered by this Disclosure Statement is calendar year 1981, unless otherwise indicated. *Gifts or reimbursements received during any period in the calendar year when the reporting individual was not a Member or employee need not be disclosed.*

INCOME: The term "income" is intended to be all-inclusive, as defined in the Act. The identity of the source and the amount or category of value of all income which exceeds $100 from any one source must be disclosed separately. Gross income should be listed, but the net income derived from business may also be reported. The type of income should be identified as salary, commission, pensions, honoraria, dividends, interest, etc. In reporting any honoraria, include the date of receipt and indicate which honoraria, if any, were assigned to charity. The amount of the honorarium should be the net figure; any payment for travel expenses should be disclosed as a reimbursement. *Exclusion:* Income from current U.S. Government employment.

GIFTS: In reporting tangible gifts, it is not necessary that exact dollar figures be reported in every case. If the exact value of a gift is not reasonably ascertainable, a good-faith estimate and a brief description of the gift is sufficient for disclosure purposes. In disclosing gifts of entertainment or travel-related expenses, the individual should include a brief description of the itinerary and the nature of the expenses provided. *Exclusions:* Gifts from relatives and gifts of personal hospitality of an individual. Gifts with a value of $35 or less need not be aggregated towards the $100 or $250 disclosure threshold. Political campaign contributions also need not be reported. *Note:* House Rule XLIII, clause 4 prohibits acceptance of gifts aggregating $100 or more in value from certain sources.

REIMBURSEMENTS: This category would include items such as travel expenses provided in connection with a speaking engagement or fact-finding event related to official duties, whether those expenses were reimbursed to the individual or paid directly by the sponsoring organization. Only a brief description of the itinerary and the nature of the expenses is required rather than exact dollar figures. *Exclusions:* Travel-related expenses provided by federal, state, and local governments, or by a foreign government within a foreign country, and reimbursements paid from campaign funds.

HOLDINGS: Business interests, stocks and bonds, real estate, savings accounts, and any other investment or income-producing property should be reported by category of value. Property held at any time during calendar year 1981 must be listed; however, the value of the holding should reflect the fair market value as of the end of the year. In listing the category of value of any item where it is difficult to determine an approximate fair market value, any recognized indication of value may be used provided that the method of valuation is included on the Disclosure Statement. (See 2 U.S.C. § 702 (c) for methods of valuation.) In listing securities, the name of each company in which stock worth over $1,000 is held must be listed separately. In reporting real property holdings, a brief description of the property (such as number of acres and indication of any improvements), and its location should be included. *Exclusions:* Any deposits aggregating $5,000 or less in personal savings accounts as of the end of the year, and any personal liability owed to the reporting individual by a relative. A personal residence would not be reported unless any part of the residence produces rental income. The cash value of a life insurance policy, and equity in any retirement fund need not be reported.

LIABILITIES: All personal obligations aggregating over $10,000 owed to one creditor at any time during 1981, whether secured or not, and regardless of the repayment terms or interest rates, must be listed. The identity of the liability should include the name of the individual or organization to which the liability is owed, and the amount disclosed should be the category of value of the largest amount owed during the calendar year. Any contingent liability, such as that of a guarantor or endorser, or the liabilities of a business in which the reporting individual has an interest need not be listed. ***Exclusions:*** Mortgages secured by the personal residence of the reporting individual or his spouse; any loan secured by a personal motor vehicle, or household furniture or appliances; and any liability owed to a relative.

TRANSACTIONS: The amount to be reported in disclosing transactions in real property or securities is the category of value of the total purchase price or total sales price, and is not related to any capital gain or loss on the transaction. Indicate whether the property was purchased, sold, or exchanged. ***Exclusions:*** Any purchase or sale of a personal residence, and any transactions solely by and between the reporting individual, his spouse, or dependent children.

POSITIONS HELD: Any nongovernmental position held by the reporting individual, whether compensated or uncompensated, in any business entity, nonprofit organization, labor group, educational or other institution must be reported. ***Exclusions:*** Positions held in any religious, social, fraternal, or political entities, and positions solely of an honorary nature.

AGREEMENTS: Continued payments or benefits from a former employer would include interests in or contributions to a pension fund, profit-sharing plan, or life or health insurance; buy-out agreements; severance payments, etc.

SPOUSE AND DEPENDENT DISCLOSURE

In general, the reporting individual is required to include financial information concerning his or her spouse or dependent children. However, in certain limited circumstances, the truly independent financial interests of a spouse or dependent would be exempt from disclosure.

Information concerning a spouse or dependent child should be reported as follows: (1) the source, but not amount, of a spouse's earned income which exceeds $1,000; (2) the source and category of value of income derived from any asset of the spouse or dependent reported under Part III of the Disclosure Statement; (3) gifts or reimbursements to the spouse, unless received totally independent of the spouse's relationship to the reporting individual; and (4) assets, liabilities, and transactions of the spouse or dependent child.

Disclosure of the financial interests and liabilities of a spouse or dependent under Parts III, IV, and V of the Statement is exempted when all three of the following circumstances are met: (1) the item is the sole interest or responsibility of the spouse or dependent child and the reporting individual has no knowledge of the item; (2) the item was not in any way, past or present, derived from the income, assets, or activities of the reporting individual; and (3) the reporting individual neither derives, nor expects to derive, any financial or economic benefit from the item. ***Note:*** If the reporting individual does not disclose certain financial interests or liabilities of the spouse or dependent children because these three standards for exemption are met, he or she must so indicate in Part VIII of the Statement.

The information concerning a spouse or dependent child must be reported in the same manner as that of the reporting individual. However, the person reporting need not identify which items belong to a spouse or dependent. No information is required with respect to a spouse living separate and apart from the reporting individual with the intention of terminating the marriage or providing for permanent separation; or with respect to any income or obligations of an individual arising from the dissolution of the marriage or permanent separation.

TRUSTS

The holdings of and income from a trust or other financial arrangement in which a beneficial interest in principal or income is held by the reporting individual, his spouse, or any dependent children must be disclosed. However, the reporting individual need only report the category of the amount of income received by him, his spouse, or dependents from: (1) a trust which was not created directly by such individual, his spouse, or any dependent, and with respect to which such individual, his spouse, and dependents have no knowledge of the holdings or sources of income of the trust; or (2) a "qualified blind trust," as defined in section 102(e)(3) of the Act. Such a trust must be approved by the Committee on Standards of Official Conduct before it will be deemed a qualified blind trust under the Act.

This Financial Disclosure Statement is required by the Ethics in Government Act of 1978, as amended (2 U.S.C. § 701 et seq.). The Statements will be made available to any requesting person upon written application, and will be reviewed by the Committee on Standards of Official Conduct. Any individual who knowingly and willfully falsifies, or who knowingly and willfully fails to file this report may be subject to civil and criminal sanctions, (see 2 U.S.C. § 706 and 18 U.S.C. § 1001).

Dear Chairman Stokes:

To further clarify the Financial Disclosure Statement recently filed by me, I wish to amend two sections.

Under Section 1-A, the $2000 listed under Honorarium included $1000 from the National Grain and Feed Association and $1000 from the Common Carrier Conference.

In regard to Section III, the Banks, Savings & Loans include: Community State Bank, First Federal Savings of Owosso and Family Federal Savings.

I trust this clarifies the two sections for you.

Sincerely,

Dear Colleague:

This is in reply to your letter of May 17, 1982 requesting an extension of time for filing your Financial Disclosure Statement pursuant to the Ethics in Government Act of 1978.

Since House Rules require that the Disclosure Statements filed by Members be compiled and printed as a public document by July 1, 1982, it is essential that the Statements be filed well in advance of that date. Accordingly, based on the reasons expressed in your letter, we hereby grant an extension of the filing due date from May 17 (the official deadline for this year's filing) until May 20, 1982.

The Committee staff is available to answer any questions relating to the financial disclosure requirements.

Sincerely,

Washington, D.C. 20515

March 6, 1981

Honorable Wendell Bailey
United States House of Representatives
504 Cannon House Office Building
Washington, D.C. 20515

Dear Colleague:

This will respond to your letter of February 23, 1981, requesting the advice of this Committee with respect to the application of House Rule XLVII limiting a member's acceptance of earned income to income you receive from the Wendell Bailey Auto Company.

Your letter states that you own the Wendell Bailey Auto Company, an automobile dealership operated by you as a sole proprietorship, together with a gas station operated as an adjunct to the dealership. You further note that you employ a full-time manager, office manager and service manager who administer the business on a daily basis, including selling and buying cars, deciding terms of purchases and service, paying bills, signing checks and titles and supervision of employees.

House Rule XLVII, clause 3(d)(4) defines "outside earned income" as not including "in the case of a Member engaged in a trade or business in which the Member . . . holds a controlling interest and which both personal services and capitol are income-producing factors, any amount received by such Members so long as the personal services actually performed by the Member in the trade or business do not generate a significant amount of income."

Advisory Opinion Number 13 of the Select Committee on Ethics of the 95th Congress, which is a comprehensive interpretation of the earned income rule states that in businesses in which capitol is a material income- producing factor, income received is basically a return on equity except to the degree that the Member's personal services generate the income. The opinion notes that "if the Member is engaged primarily in the general oversight and management or protection of his investment, his services would not be deemed to generate significant income." Your letter makes clear that your involvement with your businesses fall within the range of activities that consist of general oversight and management and protection of your investment. Thus, the profits you derive from the operations of Wendell Bailey Auto Company and the associated gas station would not be considered earned income for purposes of the limit imposed by House Rule XLVII as long as your activities are limited to those discussed in Advisory Opinion Number 13.

Income derived from your business is subject to the disclosure provision of the Ethics in Government Act of 1978, which requires annual reporting of the source and amount of any income which exceeds $100 from one source.

If you have additional questions, please contact the Committee staff on extension 5-7103.

Sincerely,

Louis Stokes
Chairman

Floyd D. Spence
Ranking Minority Member

ETHICS IN GOVERNMENT ACT -- FINANCIAL DISCLOSURE STATEMENT

Barber B. Conable, Jr. Continuation Sheet

I.A. Statement about honorarium: It has long been my practice to accept a maximum of $500 for any speaking engagement, and I often designate a charity in my area of Western New York to receive a portion of this amount. Under income tax laws, the entire amount is constructive income to me. For purposes of this report, I have listed the total amount received, the amount actually paid to me and the amount paid directly to the charitable organization.

I.A. Statement on wife's income: My wife, Charlotte W. Conable, received as salary from George Washington University, her full-time employer, $18,107.14 in 1981. She also received a total of $150 during 1981 for service on various boards and advisory councils of the the federal government.

I.B. Statement on savings accounts: The savings accounts in the banks or thrift institutions listed each provided interest income of less than $1,000 (Category A), and each contained less than $5,000 at the end of the calendar year, with the exception of my wife's account at American Security Trust which contained more than $5,000 at the end of the year.

I.B. Statement on son's trust: My son, Samuel W. Conable, is the beneficiary of a family trust created by his grandfather in which neither his mother nor I have a beneficial interest and from which he receives no current income, although it is distributable to him when he reaches age 21. This trust involves investments of common stocks listed only on the New York stock exchange and held for investment purposes only. In no case does any stock produce income in excess of $1500 and the aggregate income of the trust is in the neighborhood of $11,000. Our son is a student, does not live with us and in the manner of his generation is to be considered emancipated. For this reason it is thought that reporting the details of his trust is not appropriate.

II.A. Although the value for the gift of lodging and food in Williamsburg is uncertain for a conference such as this, it is assumed to be $250 or more

II.B. Statement about Direct Selling Association Distinguished Service Award: It is my understanding that since this award is presented to members of the public as well as members of Congress, this is not a gift, according to Committee staff. Also, it is not earned income since no speech or any specific act on my part was required. The $1000 award was not given to me but was paid directly to the Alexander Methodist Church Scholarship Fund, Alexander, NY in my name.

Barber B. Conable, Jr. Continuation Sheet

Statement of Income Tax: In connection with income taxes paid in 1981, my wife and I listed deductions of more than $25,000 in contributions made to charities. We also listed $13,088.27 for expenses of living in Washington, D.C., which more accurately represented our expenses than the higher rate permitted by IRS. A net federal income tax of $42,937.70 was paid by us and New York State income tax of $6,051.82 was paid by husband, while wife paid $5,476.24 of New York State income tax in addition to a District of Columbia tax on her salary earned in Washington. These taxes did not differ substantially from the net taxes paid in the previous year. We do not own any tax shelters or tax exempt bonds.

Honorable Edmund L. Henshaw, Jr.
Clerk
U. S. House of Representatives
H-105 Capitol
Washington, D. C. 20515

Dear Mr. Henshaw:

I am writing in reference to the Financial Disclosure Statement for 1981 which I filed with your office on April 1, 1982. I left the spaces provided for answers to questions I. A. Income, III. Holdings and IV. Liabilities blank because I, in fact, had nothing to report.

A report in a local newspaper concerning my report indicated that this information was not available. To preclude any further misinterpretation, I would like to amend my report to include the word "none" under I. A. Income, III. Holdings and IV. Liabilities.

Thank you for your attention to this request.

Sincerely,

William J. Coyne

TRUST 404226900

Trust 404226900 is a blind trust which was established on December 22, 1972, under an agreement between the First and Merchants National Bank of Richmond and Robert W. Daniel, Jr. Assets consisting of largely common stocks and some municipal bonds were transferred to the bank, which assumed the responsibility of sole trustee. Copies of the instruments which established Trust 404226900 have been previously submitted to the Clerk, U.S. House of Representatives. It is understood that this trust is a qualified blind trust in accordance with the requirements of the Ethics in Government Act.

The trustee has absolute descretion in the management of the trust. Representative Daniel's advice is not sought in any questions concerning the trust, nor is he informed of any trust management decisions. No reports or accountings of any kind are made by the trustees to Representative Daniel.

The securities certificates bear the name of the nominee, i.e., the bank. All stockholder responsibilities, such as proxy voting, are exercised by the bank as trustees.

Net income from the trust, after tax payments, is remitted to Representative Daniel, usually on a periodic basis.

TRUST 404225000

Trust 404225000 was established under an agreement dated January 12, 1938, between the First and Merchants National Bank of Richmond and Charlotte B. Daniel, now deceased. Representative Daniel is the current income beneficiary of the trust.

Title to the assets of the trust is held by the bank as trustee, which exercises all stockholder responsibilities.

The trustee has absolute descretion in the management of the trust. Representative Daniel's advice is not sought in any questions concerning the trust, nor is he informed of any trust management decisions. No reports or accountings of any kind are made by the trustee to Representative Daniel. It is understood that the assets of this trust are exempt from disclosure under the terms of the Ethics in Government Act of 1978. Accordingly, Section VIII-B of the Disclosure Statement has been checked to reflect that Representative Daniel has an interest in a trust whose holdings were not reported because it is exempted under the Act.

Net income from the trust is remitted to Representative Daniel, usually on a periodic basis.

BRANDON PLANTATION

Brandon Plantation is located in Prince George County, Virginia, and comprises 4487 acres of which 1677 acres are cropland, 2792 acres are woodland, and the balance is dedicated to various other uses including house lots, barn lots, and gardens. There is annual cultivation of the following crops: wheat, barley, corn and soybeans.

A hog operation in 1981 raised over 2,000 hogs from birth to market.

There is a herd of about 60 Simmental cows, several bulls, and their offspring.

From time to time feeder cattle are purchased, fed, and sold when market weight is attained.

Real estate improvements consist of houses, barns, sheds, hog parlors, offices and workshops.

Vehicles and equipment on hand at the end of 1981 included 6 trucks, 13 tractors and their associated equipment, 2 combines, grain dryers and storage bins, livestock feeding machinery and various other items of farm equipment.

Dear Mr. Chairman:

RE: Financial Disclosure Statement
Amendment

I am by this letter amending the 1981 Ethics in Government Act Financial Disclosure Statement.

The amendment is as follows:

1. Amendment to "Item 1. Income--Section A" add at the end the following:

"The above honoraria includes certain sums which in the opinion of the accountant responsible for the preparation of the 1981 Federal Income Tax Return should be excluded therefrom since they constitute 'travel and entertainment' expenses. These amounts total $4800.00. This amount was not previously deducted from the honoraria shown.

Additionally, in previous years, certain sums have been shown as designated for charity in accordance with provisions governing the treatment of excess earned income. This year, instead of authorizing the speaking engagement offeror the opportunity to designate any one of five charities--which the Rules of the House requires whenever there is income earned in excess of the limitations--certain sums were directly paid over to the New Bethel Baptist Church. In 1981, $9,174.00 was directly contributed to the Church from salary and other earned income, notably, honoraria. This amount does not include other contributions made to the New Bethel Baptist Church nor does it include contributions made to other organizations."

For the convenience of the Committee, I am attaching a copy of the entire Disclosure Statement to this letter.

If you have any questions, please feel free to call me.

Sincerely yours,

Walter E. Fauntroy
Member of Congress

Honorable Walter E. Fauntroy
U.S. House of Representatives
2350 Rayburn House Office Building
Washington, D. C. 20515

Dear Colleague:

This is in reply to your letter of May 17, 1982 requesting an extension of time for filing your Financial Disclosure Statement pursuant to the Ethics in Government Act of 1978.

Since House Rules require that the Disclosure Statements filed by Members be compiled and printed as a public document by July 1, 1982, it is essential that the Statements be filed well in advance of that date. Accordingly, based on the reasons expressed in your letter, we hereby grant an extension of the filing due date from May 17 (the official deadline for this year's filing) until May 27, 1982.

The Committee staff is available to answer any questions relating to the financial disclosure requirements.

Sincerely,

Louis Stokes

STATEMENT OF CERTIFICATION REGARDING

ASSETS IN TRUST FOR CHILDREN

My children are the beneficiaries of the Clare F. Kemp Trust (Jack B. Kemp, Co-Trustee, 908 South Bay Front, Balboa Island, California 92662). This trust was established under the will of Clare F. Kemp in order to assist my children with the expense of obtaining a higher education.

I hereby certify that I do not have any control over the assets of this trust nor any control over the distributions from this trust to my children; that the assets in this trust are not in any way, past or present, derived from my income, assets, or activities; and that I neither derive, nor expect to derive, any financial or economic benefit from this trust.

STATEMENT REGARDING ROYALTY INTERESTS

Royalty interest in oil and gas property - Bossier Parish, Louisiana

As a result of a devise from my mother's (Frances P.Kemp) estate, I received an interest in a tract of land located in Bossier Parish, Louisiana. In prior years, the property did not have an ascertainable fair market value, did not produce income, and therefore, was not reported in the respective Financial Disclosure Statements. In 1981, the mineral rights to this tract were transferred to Cities Service Corporation in exchange for a royalty interest. This transaction is reported in Section V. of this Disclosure Statement. The estimated value of the royalty interest and the income produced are reported in Sections III. and I.A., respectively.

Royalty interest in book

In 1978, I authored a book entitled An American Renaissance - A Strategy for the 1980's. In 1979, I received an advance royalty of $4,950 which was properly reported in Section I.A. of the respective Disclosure Statement. At that time, no additional royalty income was anticipated. In 1981, I received $249 in royalty income from the book which has been properly reported in Section I.A. of this Disclosure Statement. In addition, the estimated value of the royalty interest has been reported in Section III. of this Statement because it appears that some additional royalty income will be received in the future.

Dear Mr. Henshaw:

Please consider this letter an amendment to my 1981 Financial Disclosure Statement to provide more detailed information on the source of income listed as mineral leases in Section I, Subsection B.

The mineral leases on Marlenee Big Sky Farms and Ranch property, Scobey, Montana, are as follows:

1. HERCO/Intercontinental Energy, category E
2. HERCO/Shell Oil, category E
3. Farmers Potash, category D

On line 2 of Section I, Subsection B, the income from these three leases was previously reported at their combined total of category F.

Thank you for your attention to this matter.

Sincerely,

Ron Marlenee

Dear Colleague:

This is in reply to your letter of May 5, 1982 requesting an extension of time for filing your Financial Disclosure Statement pursuant to the Ethics in Government Act of 1978.

Since House Rules require that the Disclosure Statements filed by Members be compiled and printed as a public document by July 1, 1982, it is essential that the Statements be filed well in advance of that date. Accordingly, based on the reasons expressed in your letter, we hereby grant an extension of the filing due date from May 17 (the official deadline for this year's filing) until June 9, 1982.

The Committee staff is available to answer any questions relating to the financial disclosure requirements.

Sincerely,

Louis Stokes

Dear Sir:

Further checking of my records has produced additional information indicating that a round trip of air travel (July 3-4, 1981) from Harley Taylor (Aberdeen, SD) should be listed as a gift and not a reimbursement; and, therefore, it should be listed under Part II (A) not Part II (C).

In addition, please note that the date of the Chicago Mercantile Exchange reimbursement was May 7, 1981, and the date of the South Dakcta Farmers Union (Huron, SD) was May 18, 1981.

Should you need any further information regarding my Form A, please don't hesitate to contact me.

Sincerely,

Clint Roberts

Honorable Albert Lee Smith, Jr.
United States House of Representatives
1723 Longworth House Office Building
Washington, D.C. 20515

Dear Colleague:

This is in response to your letter of January 29, 1981, requesting the advice of this Committee with respect to the application of the earned income limitation (House Rule XLVII) to certain categories of income derived from your activity as an insurance agent prior to your service in the House of Representatives. You have outlined for our review five categories of income that you will be receiving in 1931, each of which is considered below:

Your first category of income consists of commissions earned but not received prior to your taking office. Based on Advisory Opinion Number 13 of the Select Committee on Ethics of the 95th Congress, which is a comprehensive interpretation of the earned income rule, this category of income is specifically excluded from the earnings limitations.

The second category consists of renewal commissions. Part 3(a) of Advisory Opinion Number 13 makes clear that renewal commissions received by a member with respect to policies sold prior to assuming office are current income for past services and not covered by the limitation.

The third category consists of commissions from renewals and changes in contracts of insurance providing group life, health, accident and pension coverage. It is our opinion that such commissions would not fall under the limitation, provided they do not represent payment for services performed by you currently and are not contingent upon performance of any future service by you.

The fourth category consists of income from a renewal commission which your former client characterizes as a "consultant fee". Part 1(c) of Advisory Opinion 13 makes clear that the real facts control in the application of Rule XLVII. " . . . The label or characterization placed on a transaction, arrangement or payment by the parties may be disregarded for purposes of the Rule." Thus, the fact that a former client treats your renewal commission as a "consultant fee" does not change the character of your income for purposes of the rule if the income is indeed a renewal commission. Therefore, this income would not be subject to the limitation.

The fifth category consists of income pursuant to disposal of your interest in the insurance business by means of a buy-out agreement. Your agreement specifies that you be compensated for your interest in varying amounts dependent on the income the purchaser derives from new business written on your former clients, their families and business associates. As you described it, you are essentially disposing of the good will of your business at a price measured by an amount that will vary with the success that the purchaser has with your former clientele. Under the terms of your agreement your interest in the business terminates at the time of the execution of the agreement and your rights under the agreement terminate December 31, 1990. To the extent that your buy-out agreement represents an absolute termination of your interest in the business in exchange for a bargained for amount that reflects the usual and customary value of the interest accorded in such agreements, the annual income you receive pursuant to the agreement would not be subject to the limitation.

All of the income you have described in your letter must be disclosed on your annual financial statement as required by the Ethics in Government Act of 1978. If you have additional questions, please contact the Committee staff on extension 5-7103.

Sincerely,

Louis Stokes

Dear Ted:

I respectfully request that my Financial Disclosure Statement for 1981 be amended as follows:

II. B. Gifts and Reimbursements -- remove "B. K. Electric Coop, gift certificate $100.00" and add to:

I. A. Income -- this certificate should be considered as an honorarium as I addressed their annual meeting on August 14, 1981, in Seymour, Texas.

Please be advised that the clock presented by the National-Clay Pipe Institute, was in honor of my being selected to receive their Distinguished Service Award, 1981, for outstanding public service.

Regarding the boots, they are considered a personal gift from a friend, Mr. L. H. Harmel.

Thank you for your assistance and with good wishes, I remain

Dear Friends:

Please find the enclosed amendment to my Financial Disclosure Statement for 1981.

The amendment is on the back page, under Section IV. Liabilities. The correct notation under 'Category' should read 'B'.

The incorrect notation 'D' on the previously filed form is reflective of the Category of Value applicable to Section I rather than the Category of Value listed for sections III, IV, and V.

Kindly take the appropriate steps to place the correct information in my file. If you have any questions, feel free to call my office.

With kind regards, I remain

Sincerely,

Bob Traxler

Paperwork Reduction Act Notice. - The Paperwork Reduction Act of 1980 says we must tell you why we are collecting this information, how we will use it, and whether you have to give it to us. We ask for the information to carry out the Internal Revenue laws of the United States. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax. You are required to give us this information.

Instructions

Use this form to show your business expenses as an employee during 1981. Include amounts:

- You paid as an employee;
- You charged to your employer (such as by credit card);
- You received as an advance, allowance, or repayment.

Several publications available from IRS give more information about business expenses:

Publication 463, Travel, Entertainment, and Gift Expenses.
Publication 529, Miscellaneous Deductions.
Publication 587, Business Use of Your Home.
Publication 508, Educational Expenses.

Part I. - You can deduct some business expenses even if you do not itemize your deductions on Schedule A (Form 1040). Examples are expenses for travel (except commuting to and from work), meals, or lodging. List these expenses in Part I and use them in figuring your adjusted gross income on form 1040, line 31.

Line 2. - You can deduct meals and lodging costs if you were on a business trip away from your main place of work. Do not deduct the cost of meals you ate on one-day trips when you did not need sleep or rest.

Line 3. - If you use a car you own in your work, you can deduct the cost of the business use. Enter the cost here after figuring it in Part IV. You can take either the cost of your actual expenses (such as gas, oil, repairs, depreciation, etc.) or you can use the standard mileage rate.

The mileage rate is 20 cents a mile up to 15,000 miles. After that, or for all business mileage on a fully depreciated car, the rate is 11 cents a mile. If you use the standard mileage rate to figure the cost of business use, the car is considered to have a useful life of 60,000 miles of business use at the maximum standard mileage rate. After 60,000 miles of business use at the maximum rate, the car is considered to be fully depreciated. (For details, see **Publication 463.**)

Caution: You cannot use the mileage rate for a leased vehicle.

Figure your mileage rate amount and add it to the business part of what you spent on the car for parking fees, tolls, interest, and State and local taxes (except gasoline tax).

Line 4. - If you were an outside salesperson with other business expenses, list them on line 4. Examples are selling expenses or expenses for stationery and stamps. An outside salesperson does all selling outside the employer's place of business. A driver-salesperson whose main duties are service and delivery, such as delivering bread or milk, is not an outside salesperson. (For details, see **Publication 463.**)

Line 5. - Show other business expenses on line 5 if your employer repaid you for them. If you were repaid for part of them, show here the amount you were repaid. Show the rest in Part II.

Part II. - You can deduct other business expenses only if (a) your employer did not repay you, and (b) you itemize your deductions on Schedule A (Form 1040). Report these expenses here and under Miscellaneous Deductions on Schedule A. (For details, see **Publication 529.**)

You can deduct expenses for business use of the part of your home that you exclusively and consistently use for your work. If you are not self - employed, your working at home must be for your employer's convenience. (For business use of home, see **Publication 587.**)

If you show education expenses in Part I or Part II, you must fill out Part III.

Part III. - You can deduct the cost of education that helps you keep or improve your skills for the job you have now. This includes education that your employer, the law, or regulations require you to get in order to keep your job or your salary. Do not deduct the cost of study that helps you meet the basic requirements for your job or helps you get a new job. (For education expenses, see **Publication 508.**)

Part IV, line 8 — Depreciation

Cars placed in service **before 1/1/81:**
You must continue to use either the standard mileage rate or the method of depreciation you used in earlier years. You cannot change to either of the new methods available in 1981.

Cars placed in service **after 12/31/80:**
If you placed a car in service in 1981 and you do not use the standard mileage rate, you must use the new Accelerated Cost Recovery System (ACRS). One method lets you deduct the following percentages of your cost basis regardless of what month you placed the car in service:

1981 - 25%
1982 - 38%
1983 - 37%

Example: You bought a new car, without a trade-in, for $10,000 in September 1981, and used it 60% for business. Your basis for depreciation is $6,000 ($10,000 x 60%). For 1981 your depreciation deduction is $1,500 (6,000 x 25%). If your percentage of business use changes in 1982, you must refigure your basis for depreciation.

There is also an alternate ACRS method under which you may use a straight - line method over a recovery period of 3, 5, or 12 years.

Note: If you use the mileage rate, you are considered to have made an election to exclude this vehicle from ACRS.

You do not have to consider salvage value in either of these methods. Please see **Publication 463** for details on how to figure the deduction under either method.

Re: Financial Disclosure Statement

Dear Mr. Henshaw:

It has come to my attention that the May 14th Financial Disclosure Statement for 1981 didn't identify the source of the Category B interest income. Please modify my statement to identify this income as being earned from the Wright Patman Congressional Credit Union.

Additionally, I inadvertently omitted information concerning holdings under Part III and "leave of absence" information, both of which I've disclosed in past years. I would, therefore, request that my 1981 statement be modified to reflect these changes.

Attached is the corrected statement. Thank you.

Warm regards.

Sincerely,

Bruce F. Vento
